CRYPTOCURRENCY

A CRYPTOCURRENCY is a Decentralized Digital Asset which works on Blockchain Technology.

BLOCKCHAIN

A BLOCKCHAIN is a Decentralized ledger that records all peer-to-peer transactions. Members can make transactions without the requirement for a central clearing authority using this technology. Fund transfers, trade settlement, voting and a variety of other difficulties are all possible uses.

FOREIGN EXCHANGE MARKET

The foreign exchange market (also known as forex, FX, or the currencies market) is an over-the-counter (OTC) global marketplace that determines the exchange rate for currencies around the world.

STOCKS

Stocks are a type of security that gives stockholders a share of ownership in a company. Companies sell shares typically to

transactions with lowest transaction fees.

WHO WE ARE

Gotaken is a decentralized platform that gives online earning opportunities to every member where the basic generation of income is from trading on different markets such as forex, cryptocurrency, stocks and commodities.

The trading started since 2018 with the goal of helping clients to achieve financial freedom through qualitative investing on different markets that will give huge returns and as per demand of the clients, the gotaken was created and started since the first quarter of 2023. The platform has been designed with smooth and secure features where clients can use it conveniently trusted.

The gotaken has a team of professional market's analyst and traders who use funds into positions which generate daily trading proof.

Imagine getting the best yield offers in the DeFi space served directly into your wallet. Now the time has come to let your imagination become reality!

MANAGEMENT

The background of the slide features a hand holding a pen, poised to write on a document. The document is covered with various business-related diagrams, including a bar chart with an upward arrow, a circular flow diagram with three people icons, a hierarchical organizational chart, and a pie chart. The text 'Success Business' is visible in the upper right area of the document. The overall color scheme is a gradient of purple and blue.

There are many more team members working in programming, web development, marketing, HR management, and tech recruitment to ensure the success of GoTaken.

HOW WE WORK

1.Trading

Trading is essentially the exchange of goods and services between two entities. In this context, the entities are investors/traders who are exchanging stocks of different companies. Stock trading takes place in the stock market. With online trading and investing, stock markets have become accessible to a larger section of people and GoTaken has a group of specialists who participate on the market on your behalf.

GoTaken mainly focuses on type of Trading

- »Forex
- »Commodities and Indices
- » Real Estate

2. Crypto Investments

Are you considering investing in cryptocurrency?

Cryptocurrency investing can take many forms, ranging from buying cryptocurrency directly to investing in crypto funds and companies.

GoTaken mainly focuses on these Crypto Investments

- »Arbitrage
- »Compound Finance
- »Staking
- »Liquidity Mining

MARKET MAKERS

GoTaken has partnered with market makers.

What Is a Market Maker?

The term market maker refers to firms that have partnered with GoTaken who actively quotes two-sided markets in a particular security by providing bids and offers (known as asks) along with the market size of each. Market makers provide liquidity and depth to markets and profit from the difference in the bid-ask spread. They may also make trades for their own accounts, which are known as principal trades.
